NOTE:

Tammy has elected not to continue with the teach of this dance so I have removed the step description from the website.

For those still interested in learning the dance you can find it on "Copperknob".

NOTE FROM PETE: *This is my opinion of this dance and my opinion only. This dance is typical of the reasons why so many people have given up line dancing. Too complicated, not fun to learn and uses ugly descriptions of hand movements. These disgusting descriptions cross any reasonable line of respect. Watch, some dancers will probably think that it is a great dance. I for one find the descriptions extremely offensive.*
